THE LAST TIME I SAW YOU, PUDGY, YOU WERE HOPELESSLY CATATONIC--

--HAVING DISCOVERED YOUR PRECIOUS SON WAS THE MYSTERIOUS SCHEMER, WHO WAS TRYING TO DESTROY YOUR EMPIRE!*

*BACK IN SPIDER-MAN #85, --LEN.

HOW'D HE END UP LIKE THIS?

"THE SKULL HAD USED MY SON AND HYDRA TO HELP ACTIVATE THE FIFTY AND FINAL SLEEPER-- AND IT WAS UP TO ME TO STOP HIM!"

"I LED MY ENTIRE MOB AGAINST THAT MECHANICAL MONSTER--

"--WHILE CAPTAIN AMERICA AND THE FALCON MADE USE OF MY DIVERSION TO FINISH OFF THE SKULL HIMSELF!"

"BUT NO BATTLE IS WITHOUT ITS CASUALTIES-- AND I WAS NEVER MORE PROUD OF MY SON THAN WHEN I HELD HIM DYING IN MY ARMS!"

*THE PRECEDING FLASHBACKS BROUGHT TO YOU COURTESY OF CAPTAIN AMERICA #148, --LEN AGAIN.

MY RESOURCES ARE BOUNDLESS, SPIDER-MAN-- AND AT MY COMMAND, RICHARD WAS PLACED IN CRYOGENIC SUSPENDED ANIMATION, UNTIL SUCH TIME AS I COULD SAVE HIM...

...AND NOW THAT TIME HAS COME!

BUT YOU STILL HAVEN'T TOLD ME WHY I'M THE LUCKY VICTIM!

FRANKLY, WEB-SLINGER-- DOES IT REALLY MATTER NOW?

RICHARD REPENTED INSECT--AND, HOPING TO MAKE ME PROUD OF HIM, HE REORGANIZED THE CRIME CARTEL CALLED HYDRA!

I REGAINED MY SENSES-- ONLY TO LEARN RICHARD HAD MERELY BEEN A DUPE OF THE MALEVOLENT RED SKULL!

BEFORE THAT SWITCH IS THROWN, MY HUSBAND-- I AM ENTITLED TO SPEAK ON HIS BEHALF.

EH? VANESSA?!

I TOLD YOU NOT TO DISTURB ME UNTIL I WAS DONE HERE!

RICHARD IS MY SON AS WELL, BELOVED. I AM ENTITLED TO SPEAK ON HIS BEHALF.

AND ARE YOU SO CERTAIN HE WANTS TO BE REVIVED-- IF THE COST OF HIS REVIVAL IS SOMEONE ELSE'S LIFE?

THE LADY'S TALKING SENSE, KINGIE-- LISTEN TO HER!

BAH! I KNOW MY SON!

HE WOULD WANT HIS LIFE RETURNED... AT ANY COST!

THEN THERE IS NOTHING MORE TO BE SAID.

NOTHING AT ALL, I'M AFRAID.

OH, COME ON-- SAY ANYTHING! I'M NOT PARTICULAR!

YOU READY NOW, BOSS?

YES, NUMBER 12! THIS MOMENT IS ALL I HAVE LIVED FOR-- FOR FAR TOO LONG A TIME!

ACTIVATE THE VITA-DRAIN-- NOW!!

YES, SIR!

GLINK!

AND THE JOLT THAT PROCEEDS TO SCRAMBLE THE WEB-SLINGER'S INSIDES IS CRUCIATING BEYOND WORDS!

The Mighty Meat Snack conquers The Horrible Hungries.

You've tangled with the Hungries before. They sneak up behind you at the library, and make your stomach growl until your face turns red. They strike when you're half way home from school, at least ten minutes from the nearest sandwich.

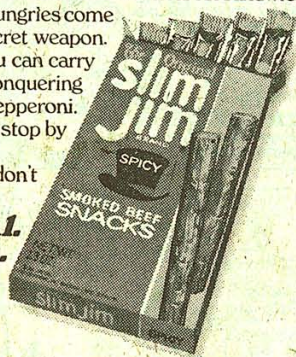

If you want to be ready, next time the Hungries come around, try taking along your pocket-size secret weapon.

Slim Jim®. The mighty meat snack you can carry anywhere, and eat anytime. In six Hungries-conquering flavors—mild, spicy, pizza, bacon, salami, and pepperoni.

So pick up Slim Jim the next time you stop by the grocery store.

If you don't, and the Hungries get you, don't say we didn't warn you.

**A little less than a meal.
A little more than a snack.**

® Slim Jim is a registered trademark for meat snacks.

THE SPIDER'S WEB

TIP OF THE WEBHEAD'S HAT DEPARTMENT: We'd like to herewith publicly thank Commissioner Trudy Mason, as well as Tony Gino and Charlie Lococo of C.L.I.C.K., for all the aid and abatement they gave Rumbunctious Ross Andru in allowing him to photograph and make sketches of the Brooklyn Navy Yard, which is usually off-limits to the public. Ross is a stickler for detail, and this sort of assistance is what makes the job worthwhile.

Thanks again, all of you. And who says this isn't the Marvel Age of Unstinting Accuracy?

Dear Len, Ross, Mike, and Irv,

Any doubts which I had concerning Len's writing abilities were quickly dispelled upon my reading of SPIDER-MAN #160. It is about time Spidey did away with that ridiculous rnostrosity—the Spider-Mobile. Ever since its first appearance in SPIDER-MAN #130, I had been anxiously awaiting its demise. Just when I thought I had seen the last of it (SPIDEY #141), it reappears in #160, only to be again (and hopefully forever) destroyed. From now on, Len, let's leave the fancy wheels to the Fantastic Four.

Until Aunt May runs away with the Hulk, make mine Marvel!

Steve Avalos
1322 Milvia St.
Berkeley, CA 94709

As far as Lively Len is concerned, Steve, the wall-crawler's far-famed four-wheeled flisco has indeed gone to its final reward. But we have it on good authority that he is already hard at work on a spanking-new Spidey-cycle, which he is planning to reveal to the public just as soon as he can figure out what to do with the training wheels. (Er—that was just a joke, gang. Please, no barrage of letters complaining about a Spidey-cycle. There ain't no such animal. At least...we don't think there is.)

Dear Len:

Okay, it's a no-prize requesting time!

- 1) Spider-Man has sworn never to kill.
- 2) In issue #160, Spidey captures Toy by covering him head-to-toe with a six-inch-thick webbing cocoon.
- 3) In issue #52, Spidey escapes drowning by enveloping J. Jonah Jameson and himself with a water-proof, air-tight webbing bubble which he describes as being triple-ply.
- 4) Each ply of webbing has to be less than two inches thick. The cables have been described as "thin strands" too many times for that. Besides, there's no way that the web-shooters we see on his wrists are two inches in diameter.
- 5) If all of the above is correct (which it is), then Spider-Man committed manslaughter by smothering Toy in an airtight webbing cocoon.
- 6) I want a no-prize for discovering this grievous error.

Ish #160 was good in all other respects, but still seemed a little toned down. Bring some of the drama back into the wall-crawler, will you? Thanks a lot.

Adam Castro
59 Harlan Drive
New Rochelle, NY 10804

Sorry, Adam, but no no-prize this time. All of the points you put forth are indeed true, except for point #5. You see, Spidey's webbing is a most versatile little invention, and the wall-crawler controls it with the web-shooters at his wrists. Since Spidey has sworn never to kill, it was simple for him to cover Toy with a six-inch-thick webbing cocoon with a wide enough weave to make it porous, thus enabling Toy to breathe.

And while we're on the subject of webbing, we direct your attention to the following letter...

Dear Len:

In SPIDER-MAN #160, Spidey and the Spider-Mobile were caught in a strange mist which caused SPIDER-MAN'S web-shooters to be clogged, yet the Spider-Mobile's web-cannons were completely unaffected. Also, in the last panel, why would SPIDER-MAN leave a car hanging fourteen stories high, knowing that when the webbing wore off, it would crash to the street, kill innocent pedestrians, and make a general mess?

At least one no-prize is definitely in order here. Ahem. (Great story, otherwise. Keep up the good work!)

John and Jim Dawson
215 N. Baylor Drive
Sterling, VA 22170

Boy, this one's even easier to answer than the last one. You see, brothers Dawson, the Tinkerer may be craggy, but he's nobody's fool. He simply altered the composition of the Spider-Mobile slightly to make certain it would not be affected by the web-shooter-clogging mists. See that? As easy said as done.

As far as Spidey leaving the ruins of the Spidey-car dangling precariously over the street—well, he actually left it hanging in many extra-thick strands of the special super-strong webbing he first used in MARVEL TEAM-UP #20. Granted, that particular web fluid is unstable, but Spidey had ascertained that it would definitely hold long enough for Carter and Lombardo to get a crane up to the roof and take the Spider-Mobile down.

Wow, we're just full of answers today, aren't we?

Dear Len:

You have one intrigued, slightly confused reader on your hands!

Is someone trying to pull a fast one off the Bullpen and/or the readers?

Let me explain!

When I finished reading my cousin's SPIDER-MAN mags (back to issue #138), I began admiring the front pages. Well, to make a long story short, in issue #139, on the front page, on a water tower, I found the initials HU. In ish #150, on 2 books on the splash page appears BACKGROUN(T) (I assume it's the background) then HUN(T). Go to ish #154, look at the Vote poster—there is BACKG then HUN. Then finally in ish #156, on the building, BACKG then HUN, clear as a bell!

It didn't take much research to find there was/is a D. Hunt who is credited as an embellisher.

Is this the same D. Hunt last listed oh ish #148? If so, will you give me a no-prize? If not, be merciful in your reprimand.

Russell Burns
1512-169th St. #154
Hammond, IN 46324

Afraid we're guilty as charged, Russ. That is indeed Devilish Dave Hunt whose name you espied. Every now and again, Dave helps out Mischievous Mike Esposito by inking the back-grounds on a Spidey extravaganza, and those little notes you noticed are just Dave's way of saying "HI".

So stand up and take a bow for the dynamic detective work, Mr. Burns. Your no-prize will be bringing its way to you by not-so-special delivery any day now.

Dear Len,

Heel Heel SPIDER-MAN #160 was great! (Chuckle, chuckle.) You guys had me laughin' through the whole book! (Snortle!) Imagine Spidey being chased by the Spider-Mobile! Hah! Hah! Hah! It was fantastic! (Guffaw.) What can you guys do for an encore? Heh. Heh. Hahahahahahahahaha! Oh, whew!

Kirk Bath
11156 Pearl St.
Northglenn, CO 80233

Oh, we could do a rousing rendition of "Melancholy Baby" for our encore, but we think we'll just go back to our respective cells and start working on next month's SPIDER-MAN saga.

See you in thirty days? We sure hope so.

Just imagine your friends shock when they walk into your room and see the "Monster" reaching out—bigger than life-Frankenstein, the original man-made monster, that creation of evil genius that terrorized the world. A giant 7 feet tall, his eyes glow eerily as his hand reaches out—as sweet and sinister as the wildest nightmare. Yes—Frankenstein is 7 feet tall, in authentic colors on durable polyethylene, and so lifelike you'll probably find yourself talking to him. Won't you be surprised if he answers? Comes complete with eyes that glow even in the pitch dark for a special thrilling chill.

Boney the Skeleton. And then there is Boney—start scary with nothing left but his bare bones. A 7 foot monster out of the grave—his bones white, his eyes staring—even glowing in the dark.

Money Back Guarantee.
Just send \$1.25 plus 35¢ to cover postage and handling for each monster you want. Your money back if not satisfactorily horrified.

STAN LEE'S SOAPBOX

Okay! You can stop holding your breath! The moment is at hand! The third spectacular volume of the Marvel Origins Trilogy is now on sale—the book that tells you the inside story of how we created the vilest villains, the freakiest fiends, the most sensational sinners in all of comicdom! Yep, it's the most eagerly-awaited blockbuster of them all—containing the original, classic, almost-legendary origin tales of the Red Skull, Dr. Doom, the Green Goblin, and more, more, more!!! Only mighty Marvel could have produced it! Only Simon and Schuster could have published it! Only if you've got \$6.95 can you buy it at your favorite bookstore! It's called (naturally!) **BRING ON THE BAD GUYS**, and it'll complete your 3-volume collection of the most famous, best-selling set of books devoted to super-heroes ever published! And here's good news for those of you who are late starters. The first two titles in the set, **ORIGINS OF MARVEL COMICS** and **SON OF ORIGINS**, are still on sale; so there's still time for you to capture a complete collection! **ORIGINS OF MARVEL COMICS** and **SON OF ORIGINS**! And now, **BRING ON THE BAD GUYS**! Sometimes I wonder—does the world appreciate what we're doing for it? Hey, remember me telling you about John Buscema's great comicbook workshop here in New York, where the master

himself teaches comicbook drawing to the luckiest class in town? Well, we thought you'd enjoy this progress report. One of John's recent graduates is none other than Bob Hall, who has just pencilled two issues of Marvel's **CHAMPIONS**, and is all set to tackle our latest **SUPER-VILLAIN TEAM-UP**! Another of Big John's students, Juan Ortiz, is currently doing a special project for Marvel after having been voted "Best Student in Class"! We don't know where Sal Buscema's big brother gets the time to do it, but if you too would like to study with one of the most titanic talents in all of comicdom, send your name and address to: John Buscema, P.O. Box 1827, F.D.R. Station, NYC, NY 10022, and he'll send you a letter telling how to join his Manhattan comic book workshop—which now features a course in script-writing, also in fact, if you don't watch out, you'll be stuck with yours truly, as a guest lecturer! Okay, Johnny, I gave you the plug—now will you tell Conan to gimme back my hub caps? Gotta go now, gang. Time to campaign for Howard the Duck before some mere politician steals the election away from him! So hang loose, heroes—if Howard gets elected, any one of you might be our next V.P!

Excelsior!

Stan

ITEM! Though these words of wit and wisdom are being written in mid-July, you readers will be pursuing them in October, fall harvest time. In keeping with the season (and our own cornball manner of leading into a subject), the boisterous Bullpen's got a veritable harvest of brand new comics coming your way. First off, there's **LOGAN'S RUN**. Yep, it's an awesome adaptation of the MGM science fiction thriller that's been packing them in at the local movie theaters for lo, these last few months. On tap to translate this cinematic sizzler into a 30¢ monthly comic book, are Gallopini! **GERRY CONWAY**, writer/editor, **GEORGE "Pace-setter" PEREZ**, penciler, and **KLAUS JANSON** on the inks. The first four issues will cover the movie, but what, you may ask, happens after that? Well, Ger' and George aren't tellin', but to judge from the big, satisfied grins they get whenever asked, it's going to be something well worth the waiting to find out. And speaking of waiting, several months ago, we laid hint on you about "King working with King." If you haven't doped it out yet, worry no more, we're about to tell all! The first King is, of course, **JACK "King" KIRBY**. The second? None other than the King of the Wakandas... **T'Challa, THE BLACK PANTHER**! Despite the recent demise of **JUNGLE ACTION**, we have a lot of faith in

the Panther as a character, so we turned him back to the man who helped originate him (along with another fella by the name of Lee). What Jack came up with was so different, exciting, and inimitably his own, we just had to start it as its own title. Hence, this month, **BLACK PANTHER #1**. Watch for it! And you can also look for a totally new character to be making an appearance at your local newsstand. Her name is **MS. MARVEL** and she's very much a super-heroine for the seventies. In fact, as conceived by **GERRY CONWAY**, Big John BUSCEMA, and Jolting **JOE SINNOTT**, we have a hunch this lady is equally well set for the eighties and nineties, too. Just to really whet your appetite, we're running a picture of the cover elsewhere on the page. What happens inside the book we're going to let you discover for yourself. But we're betting that **MS. MARVEL** will be the BIG one of the year!

ITEM! There are more goodies on tap this month which you won't want to let slip past you, like, for instance, the **TEAM-UP ANNUAL**, starring **SPIDER-MAN** and the **X-MEN**, and the **DR. STRANGE ANNUAL**. Both are double-size, all original stories at less than the price you'd pay for two regular length books. You not only get an entertainment extravaganza, you get a bargain as well!

ITEM! Congratulations to **HERB TRIMPE** and **LINDA FITE** on the birth of their daughter, **AMELIA FITE TRIMPE**. She weighed in at 6 lbs. 11 oz. That's somewhat short of the thousand pound weight of a certain green-skinned Goliath! Happy HERB has often been closely associated with (and whom he'll be drawing again in an upcoming issue of our new **WHAT IF?** mag)...but take our word for it, Amelia's a lot prettier!

ITEM! Special treat for science fiction buffs this month (and is there any true Marvelite who isn't one?)...a giant-size, special revival of our critically acclaimed black and white mag, **UNKNOWN WORLDS OF SCIENCE-FICTION**! This 96-page blockbuster is chock full of never-before-seen material such as an adaptation of Stanley Weinbaum's classic, **A MARTIAN ODYSSEY**, an exclusive interview with **THEODORE ("More Than Human") STURGEON**, a brand-new **MAN-GODS FROM OUTER-SPACE**, and enough other galactic goodies to make even the average Vulcan shout for joy!

ITEM! Many Bullpeners are on the move this month. **GERRY** and **CARLA CONWAY** have packed their three dogs and ten jillion books and fled the wilds of Manhattan's upper-west-side for the calm and contentment of Connecticut. Rascally **ROY THOMAS** has finally made his previously announced relocation to California sunny clime, while Assistant Editor **ROGER SLIFER** and **FOOM Foreman DAVE "the Dude" KRAFT** are somewhere in the middle of this great land of ours, hitchhiking to Oregon for a visit. One thing troubles us. Who's putting out the books while all this is going on?

YOU HAVEN'T SEEN IT ALL UNTIL YOU SEE... SPIDER-WOMAN!

Monogram's NEW B-24 J LIBERATOR in all its 1/48th scale glory

The B-24J Liberator is one of history's heroes that you can build today. Monogram's authentic 1/48th scale plastic model kit makes it easy...

The B-24J has a super-detailed cockpit and interior, realistic decals and lots of moving parts (the propellers spin, the wheels roll, the rosewheel turns, the guns elevate and the turrets are movable). Plus there's a fully detailed bomb bay that includes bombs and a tow tractor with tow bar included. And 5 scale figures (including a pilot) help you add that "extra touch" to display your new hero of the air in historic fashion.

Monogram's B-24J Liberator lets you build history in a BIG way... the finished model is 17½ inches long with a wingspan of 27½ inches. It's molded in silver and black plastic with complete painting instructions to build either of two versions. Makes a great addition to any modeler's collection. Or a fantastic way to start a model plane collection. Get yours today. Available wherever model kits are sold.

BIG ADVENTURES BEGIN WITH EVEL KNieVEL MINIATURES.

With the Evel Knievel Precision Miniatures the bigger the adventure the better, because each miniature is made of die-cast metal and high impact plastic. That's the kind that's rugged enough for play.

And whether your adventures take you to Snake River Canyon, over 14 buses or down the Indy speed strip, it's all part of the fun with the Evel Knievel Precision Miniatures.

There are six Evel Knievel Precision Miniatures and each one has remarkable detail, so you'll want to collect all six.
